- If your child has a developmental test or doctor's diagnosis, a copy of it.
- Please confirm with the medical institution, rehabilitation center, etc.
- Your "Profile Form" (only mail application)

## Consultation with Parents (in a different room from your child)

- Consultation staff will ask you about your child's growth (at home and kindergarten, etc.), diagnosis, the results of developmental tests, concerns and hopes for schooling.
- We will discuss the support and educational environment your child needs.

## Observation of Your Child's Activities

- We will give your child some simple tasks, observe his/her activities in a small group for 50 minutes. This is not a developmental test.
- Considering your child's physical condition and safety, we may observe your child individually.

## 4. Listen to Your Child's Reports

- Within 2-4 weeks, a consultation staff will call you about your child's activities and the necessary support.
- Parents can hear the report in the consultation room.
- No written reports will be provided.

## 5. Individual Consultation at the Elementary School

- Parents should call the support education coordinator to schedule an appointment.
- Please bring your child and meet with the principal and the support education coordinator.
- ✓ Please use the Profile Form to tell them about your child's situation and the support provided at the kindergarten, etc.
- ✓ Please tell them about your consultation at the Education Center.
- ✓ Please ask them about the support system at the school.
- ✓ Please consult with them about the support your child needs.

## Center staff Visits to Kindergartens, etc.

- Education Center staff may visit kindergartens, nursery schools and rehabilitation centers to observe children.
- If necessary, we may contact medical institutions, rehabilitation centers, kindergartens, schools, etc.

## Education Support Conference Subcommittee (from August)

- In the subcommittee of experts on the education of children with disabilities, the Education Center will hear opinions on your child's educational needs, the support required, and the learning environment.

## 6. Listen to the Subcommittee's Report

- About a week later, the staff will call the parents, share the opinions of the Subcommittee, and suggest an appropriate learning environment for your child.
