

## Children entering school in 2027 who need special support

---

Those who are worried  
about elementary school life

Those considering a resource room

# Individual Consultation at the Elementary School

Start in September

**Important**

- Parents should call the support education coordinator to schedule an appointment.
- Please bring your child and meet with the principal and the support education coordinator.
- If you are considering using the resource room, please let the elementary school know.
- ✓ Please use the Profile Form to tell them about your child's situation and the support provided at their kindergarten, etc.
- ✓ Please ask them about the support system at the school.
- ✓ Please consult them about the support your child needs (special support class or general class).

## If you are considering a resource room

Resource room for hearing impairment

- Please apply for a consultation from January.

Resource room for speech and language impairment, emotional and behavioral disorders

- After school entry, please consult with the elementary school and then apply to the resource room.

- After applying, there will be an interview in the resource room.
- After the decision by the Kawasaki City Resource Room Review Committee, instruction through the resource room will begin.

## If necessary, Consultation at the Education Center

- After the individual consultation at the elementary school, if necessary, you may apply for school entry consultation at the Education Center.
- Please check the websites for “Those considering a special support class, Those unsure whether to enter in a special support class or a general class” and apply for school entry consultation.

## If necessary, Consultation at the Education Center

- After school entry, please first consult with the school and request Education Center consultation through the school.
- The place of study that is decided at the time of school entry is not fixed. If you are considering changing place of learning depending on your child's development and adaptation, please consult with the school first.

# Colors, Future!

いろいろって、未来。

多様性は、あたたかさ。多様性は、可能性。

川崎は、1色ではありません。

あかるく。あざやかに。重なり合う。

明日は、何色の川崎と出会おう。

次の100年へ向けて。

あたらしい川崎を生み出していこう。
